

A Message from Our CEO

Greetings!

This is an exciting time for Datum Software as we prepare to rebrand our company and business units – Datum Software, Datum Government Services, and Vela Payments. Our brand is evolving to reflect our capabilities and service offerings and realign our value proposition. **On January 3, 2023, we will announce our new umbrella brand and business unit logos.**

We want to reassure you that there will be no disruption to service during the rebrand. After 26 years of successfully growing our business, we want to position ourselves for continued growth by standing out as a leader in our market, emphasizing our commitment to quality and service.

Sincerely,

Latha Ganeshan
CEO
